COVER LETTER

Junior IT Developer · AFC SME Finance, Inc.

May 2025

Hiring Manager
AFC SME Finance, Inc.
Ortigas, Metro Manila

Dear Hiring Manager,

I am writing to express my sincere interest in the **Junior IT Developer** position at **AFC SME Finance, Inc.** As a graduate of Ateneo de Naga University with a **Bachelor of Science in Information Technology**, I am confident that my technical background and professional mindset make me a strong fit for your team.

The role calls for someone who can develop, test, and maintain internal applications supporting lending, accounting, and business operations — and this aligns directly with my academic training and project experience. I am proficient in **JavaScript, Python, HTML, CSS, and SQL**, and I have working knowledge of relational databases such as MySQL and PostgreSQL, including basic database design and querying. I also understand RESTful API integration and am comfortable working in Git-based workflows and Linux environments.

Beyond my technical skills, I bring a track record of reliability and professionalism. While completing my degree, I held part-time roles as a Gym Attendant and Barista, where I developed strong communication, teamwork, and time management skills — qualities I will carry directly into a collaborative development team.

I am a fast learner who is genuinely eager to grow alongside a senior development team, and I am open to expanding my knowledge of **Docker, Kubernetes, and CRM systems** as the role evolves. I believe this position is the right environment for me to contribute meaningfully while continuing to grow as a professional.

I would be grateful for the opportunity to discuss how I can contribute to AFC SME Finance, Inc. Please feel free to reach me at **llagasdp@gmail.com** or **09999640117** at your convenience. Thank you sincerely for your time and consideration.

Sincerely,

Danna Paula Llagas
Junior IT Developer Applicant
